The Power of Partnership

Dorchester Investment Group

Dorchester Investment Group is a strategy company specialized in working with regional and international investors that have an interest in the booming property development market of the UAE .

Our expertise is in our ability to design, deploy and exit on investments that today bear one of the highest capital gains in the world.

Our Goal

The UAE is one of the world's most exciting and dynamic countries for investment and wealth creation today.

At Dorchester Investment Group our uniqueness is in our ability to offer clients turn key investment solution to success, with confidence and peace of mind

The UAE – Brief Market Overview

The UAE is a country with a 7 star luxury brand in the making. To realize this vision its leadership has made a conscious decision to invest, and to attract investment, in the only free market economy of the Middle East region.

Now in hyper speed development mode demand for real estate has out stripped supply and a real shortage of residential and commercial property measured against an inflow of migration from Asia, the Middle East, Europe and North America is being experienced.

For this reason alone it is projected that the real estate industry will sustain a healthy growth in the foreseeable future as the UAE moves forward on its nation building agenda.

Investing with DIG

With a cumulative management experience of over 25 years, an extensive international network of partners across Europe, Asia and North America, and a solid track record of achievement, Dorchester Investment Group has taken the lead in producing investment results for its clients with unprecedented annualized return. We can do the same for you.
